We are inviting you to a part of our EWMD Online Module series in Corona Crises times. It is essential that our network meets in these times, exchanges expertise and engages in finding mutually solutions. Everyone is welcome to participate and to give and take.

**1. Online Communication Talk**

In times of home office and online presence online conscious communication is important. Subtle variations of the verbal and the nonverbal communication have a big impact on the content one wants to transmit. They are even more important online. Some of the topics you will learn about:

**✓ Voices that can be heard**

How can I use my voice in a digital environment in a more efficient way?

**✓ Presence that can be seen**

What impact has my appearance on video conferences and what do I have to watch out for?

**✓ Content that reaches out**

Which decisions can I take to transfer content in a more sustainable way?

**2. Solution Exchange Workshop (Meet – Share - Engage)****✓ Networking with deepened exchange in crises times**

Start focused networking in break-out sessions.

**✓ Mutual search for solution**

Identify and share what you could give and take

**✓ Options of collaboration**

Develop ideas of mutual engagement to support each other
